

House Staff

Company Profile:

The Crittenton Women's Union transforms the course of low-income women's lives so that they can attain economic independence and create better futures for themselves and their families.

We accomplish this by:

- Providing safe housing, caring supports, education, and training programs;
- Innovating new programmatic designs based on research and client experience;
- Using this knowledge and experience to shape public policy and achieve social change.

In July 2006, The Women's Union and Crittenton, two historic Boston-based, nonprofit organizations serving women and their families, merged. This merger has provided new opportunities to help women and their families achieve economic self-sufficiency, the longtime mission of both former organizations.
